Summary of Most Recent Site Inspection

The California Department of Education (CDE) completed an on-site review on June 4 -5, 2008. Summary provided by CDE:

Villa Esperanza Services provides special education services to students between the ages of 5 – 22 and grade levels K – 12th. The school is coed and works with the Primary Disabling Conditions of: Autism, Deaf/Blindness, Emotional Disturbance, Multiple Disabilities, Mental Retardation – Mil/Moderate & Moderate/Severe and Other Health Impairments. The program provides Special Education Instruction. The following Designated Instruction Services and Related Services are offered: Behavior Intervention Including Development and Modification, Behavior Intervention Implementation of Behavior Modification Plans, Language and Speech Development and Remediation and Intensive Education and Occupational Therapy Services.

The school is very large and has a lot of additional classrooms and facilities for expansion. There are three playground areas as well as a variety of picnic areas throughout the campus. During the review, we observed children playing outside on the equipment such as swings and jungle gyms. They also walked and ran around the area and enjoyed blowing bubbles. We observed basketball, tricycles and a variety of group activities utilizing cloth rainbow circles.

The program is currently utilizing 8 classrooms and has a very large occupational therapy room. CDE has indicated that Villa Esperanza must decrease their classrooms from 8 to 7. The number of classrooms allowed last year was 7 and they must continue with 7 until all classrooms have credential compliant teachers.

A great percentage of students at Villa Esperanza are very low functioning. The middle and high school programs are working in a very functional academic setting. Those students are not on a diploma track. The school, however, has had success in moving many of their elementary students back into the mainstream environment.

The teachers and aides were working wonderfully with their students. We observed effective teaching strategies throughout the program.

Villa Esperanza currently has 68 students in the Nonpublic School (NPS). There are 21 master contracts and the NPS has a conditional certification for 7 classrooms.

School Accountability Report Card Reported for School Year 2009-10

Published During 2010-11

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE *DataQuest* Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Service providers include behavior specialist, occupational therapist, speech and language pathologists, and curriculum specialist.

Mission Statement - School

To meet the educational, social and emotional needs of our diverse student population by providing an exemplary program utilizing state-of-the-art therapeutic and teaching techniques.

School Philosophy

Villa believes in:

- An individualized approach to education
- Using positive behavior support to maximize each child's educational experience.
- Creating a supportive and educational environment for family members and caregivers.
- On-going staff development to incorporate current educational and behavioral teaching strategies.
- Teaching communication as the cornerstone for educational and social growth.

Opportunities for Parental Involvement (School Year 2009-10)

This section provides information about opportunities for parents to become involved with school activities.

Together, parents and teachers are true partners, aiming to accomplish successful results with the children. Techniques will be shared with parents regarding how to follow-through at home on specific areas addressed in class. The staff welcome input from parents to aid in the learning process. We need to support each other to give children the best experiences possible. A parent-teacher conference will be made available each semester. Villa Esperanza Services conducts monthly Parent Association Meetings on the third Thursday of the month. Parent Association meetings provide school updates, training, and an opportunity for parents to gain information and support from each other. In addition, parents have the opportunity to volunteer in the school office, Speech and Language Center, and Occupational Therapy Clinic.

III. School Climate

School Safety Plan (School Year 2009-10)

This section provides information about the school's comprehensive safety plan.

Villa Esperanza Services School

Disaster Preparedness Emergency Protocol

Lead Teachers

- Assess Injuries
- Assign staff to treat injuries
- Access emergency and first aid kit
- Assess classroom environment for obvious dangers or damage
- If there is damage to the classroom calmly evacuate the class to East playground as soon as possible. Bring all classroom and individual child emergency supplies.
- Education Department Staff will be required to stay on campus and with the children, and will be released as children are picked-up. The appropriate staff to student ratio must be maintained at all times

Education Administrative Staff

- Principal will check-in with Rooms 5, 6, and 10
- Curriculum Specialist will check in with Rooms 1, 2, and 3
- Administrative Coordinator will check in with Rooms 8, and 9
- Assess injuries to staff and students
- Conduct safety check – look for obvious signs of damage or potential dangers
- Ensure that emergency supplies are accessed
- If necessary, assist in evacuation of classroom to Blue Playground

Education Department Checkpoint

- The VES front desk will serve as an agency-wide central command point.
- The School Principal's Office (if safe) or picnic table on Blue Playground will be used as Education Department Checkpoint for teachers and for student pick up.
- Principal, Curriculum Specialist and Administrative Coordinator will then meet at the Education Department Checkpoint for a Status Report.

Injuries

- If there is an injury requiring emergency medical attention the Lead Teacher will immediately call 911 and use walkie-talkie to contact and notify their assigned Administrative Staff
- Minor injuries will be treated with appropriate first aid.

Runners

- DIS service providers including Behavior Specialists, Speech & Language Staff, and O.T. providers will serve as liaisons between classrooms and Education Checkpoint.
- Behavior Specialist will be stationed at the Education Checkpoint and Speech and Language Staff at the VES Front Desk. If only one Runner is available, that person will be stationed at the VES Front Desk. If more Runners are available they will be asked by Education Administrative staff to assist in administration of First Aid, evacuation of classrooms, or release of students.
- If the telephone lines are down, a Runner will be sent to Fire House 32 (located 2 blocks east of VES on E. Villa St.) should any emergency services be required

Check-out and Release of Students

- All children must be checked-out through the Education Department Checkpoint ONLY.
- As parents arrive at the VES front desk the Runner will escort them to the Education Checkpoint.
- Children will be released only to persons named on that child's Emergency Card.
- A form of picture I.D. will be required before any child will be released to any adult other than his or her parent or legal guardian.
- Authorized adults must sign out the child before that child will be permitted to leave campus (name, signature, time of pick-up).

Overnight Care

- Should it be necessary for students to remain on campus overnight the following buildings will be used for dormitory space. The space used will be determined by the structural safety.
- Occupational Therapy (O.T.) Room and Room 5
- Morrison Auditorium (2113 E. Villa St., directly across the street from VES)
- Skandia Hall (2031 E. Villa St., about 1 block west of VES, on North side of street)
- All attempts will be made to contact parents and alert them to the location in which their child will be staying.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA for grades three through eight and science in grades five and eight and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2008 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5intrpts.pdf>. *Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. California Physical Fitness Test Results (School Year 2009-10) – N/A

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school’s test results to the district and state levels, may be found on the CDE Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. *Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2009-10)

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Each school year we provide the following training schedule:

5 days of training prior to school beginning in the fall
10 minimum day trainings
5 pupil free day trainings
Friday morning aide trainings

XIII. National Assessment of Educational Progress

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities (SD) and English language learners (ELL) is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress Web page at <http://nces.ed.gov/nationsreportcard/>.

Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE National Assessment of Educational Progress (NAEP) Web page at <http://www.cde.ca.gov/ta/tg/nr/>.

National Assessment of Educational Progress Reading and Mathematics Results by Grade Level – All Students – N/A

This table displays the scale scores and achievement levels on the National Assessment of Educational Progress Results for reading (2008) and mathematics (2010) for grades four and eight.
